I understand and agree that health and accident insurance policies are an arrangement between an insurance carrier and myself. Furthermore, I understand this chiropractic office will prepare any necessary reports and forms to assist me in making collection from the insurance company and that any amount authorized to be paid directly to this chiropractic office will be credited to my account on receipt. However, I clearly understand and agree that all services rendered to me are charged directly to me and that I am personally responsible for payment. I also understand that if I suspend or terminate my care and treatment, any fees for professional services rendered to me will be immediately due and payable.

*Dear Patient:*

*Please read the information marked by the checked box. This will be applicable in your case. Please sign and date on the next page.*

## ☐ **CASH PATIENT**

1. We request that 100% of the first visit be paid at the time of service.
2. We are happy to accept cash, check, Visa, MasterCard and Discover.

## ☐ **GROUP OR INDIVIDUAL INSURANCE**

Your insurance is an agreement between you and your insurance company, not between your insurance company and this office. It is to be understood that services rendered are charged to you directly and you are personally responsible. We do not file secondary insurance, however we will print insurance receipts for you and you can file to your secondary carrier for reimbursement.

Your insurance company may cover chiropractic. The amount they pay varies from one policy to another. Because of this difference between policies, we expect that each patient who wishes to file insurance claims through this office pay the policy deductible and the percentage/copay as stated in your policy.

## ☐ **MEDICARE**

We do accept assignment from Medicare and Medicare sends their payment to us for covered services. Services covered by Medicare in a chiropractic office are for spinal manipulations only. Medicare does not cover exams, x-rays, therapies, supports or supplements. Medicare pays 80% of the spinal adjustment once the deductible has been met. You are responsible for the 20% balance and for payment in full of all non-covered services. We do not file secondary insurance, however we will print insurance receipts for you and you can file to your secondary carrier for reimbursement.

(continued on next page)

☐ **“ON THE JOB” INJURY**

Worker's Compensation pays in full for chiropractic care. Upon being released from care, a three month time period is allowed for settlement of your claim. If settlement has not been reached within this time period, or you have suspended or terminated your care without your doctor's approval, payment for services is due immediately. I understand that I am being treated under the assumption that this injury is work-related. In the event that this case proves not to be work-related or denied, then I am fully aware of the charges incurred to me and I am also aware that I am fully responsible for the charges.

☐ **PERSONAL INJURY OR AUTOMOBILE ACCIDENTS**

Please present your auto insurance forms as soon as possible along with a copy of the police report (for auto accidents). If an attorney is handling your case, please notify our insurance department right away. Although you are ultimately responsible for your bill, our office will wait for settlement to be paid as long as you are an active patient. If you suspend or terminate care, any fees for services are due immediately. **Upon being released from care, a three month time period is allowed for settlement of your claim. If settlement has not been reached within this time period, or you have suspended or terminated your care without your doctor's approval, payment for services is due immediately.**

I understand and agree that health and accident policies are an arrangement between an insurance company and myself. Furthermore, I understand that Jones Chiropractic Clinic will prepare any necessary reports and forms necessary to assist me in making collection from the insurance company and that any amount authorized to be paid directly to Jones Chiropractic Clinic will be credited to my account on receipt. However, I clearly understand the total charges for professional services rendered to me by this clinic and I am personally responsible for payment. I also understand that Jones Chiropractic Clinic will file a lien against myself and the insurance company(s) involved. **I give Jones Chiropractic the power and authority to endorse any settlement checks made payable to me in connection with the claim(s) listed below.**

## Informed Consent to Chiropractic Treatment

**Patient:** Please discuss any questions or concerns with the Doctor before signing this consent.

**The nature of chiropractic treatment:** The doctor will use his/her hands or a mechanical device in order to move your joints. You may feel a "click" or "pop", such as the noise when a knuckle is "cracked", and you may feel movement of the joint. Various ancillary procedures, such as hot or cold packs, electrical muscle stimulation, intersegmental traction or therapeutic ultrasound may also be used.

**Possible Risks:** As with any health care procedure, complications are possible following a chiropractic manipulation. Complications could include fractures of bone, muscular strain, ligamentous sprain, dislocations of joints, or injury to intervertebral discs, nerves or spinal cord. Cerebrovascular injury or stroke could occur upon severe injury to arteries of the neck. A minority of patients may notice stiffness or soreness after the first few days of treatment. The ancillary procedures could produce skin irritation, burns or minor complications.

**Probability of risks occurring:** The risks of complications due to chiropractic treatment have been described as "**rare**", about as often as complications are seen from the taking of **a single aspirin tablet**. The risk of cerebrovascular injury or stroke, has been estimated at **one in one million to one in twenty million**, and can be even further reduced by screening procedures. The probability of adverse reaction due to ancillary procedures is also considered "**rare**".

If during the course of care we encounter non-chiropractic or unusual findings, we will advise you of those findings and recommend that you seek the services of another health care provider.

Other treatment options which could be considered may include the following:

- Over-the-counter analgesics
- Medical care
- Hospitalization
- Surgery

I understand that chiropractic is not an exact science and that, therefore, reputable practitioners cannot fully guarantee results. I acknowledge that no guarantee or assurance has been made by anyone regarding the chiropractic treatment that I have requested and authorized. I have had the opportunity to read this form and ask questions. My questions have been answered to my satisfaction. I consent to the proposed treatment for my present condition and for any future condition(s) for which I seek treatment.
